Editor: *BMJ*
Editor: *Cardiovascular Research*

NOTICE TO CONTRIBUTORS

Papers relating to the heart and circulation should be sent in triplicate to the Editor, British Heart Journal, 9 Fitzroy Square, London W1P 5AH, and be prepared according to the *Uniform requirements for manuscripts submitted to biomedical journals* (Vancouver agreement) (*BMJ* 1988;296:401-5). **Authors are asked to complete a copy of the checklist provided (1993;69: 97-8 (January issue)) when submitting their manuscripts for publication and to nominate three suitable reviewers.** The reference number given on the acknowledgement postcard sent out by the editorial office should be quoted on all subsequent correspondence and telephone inquiries. A covering letter (wherever possible giving a fax number) must be signed by all authors stating that they have seen and approved the paper and that the work has not been, and will not be, published elsewhere. All authors will be required to transfer copyright of their articles to the journal before publication. (All material for possible publication (including Letters to the Editor) must be typed in double spacing with wide margins.) A 250 word structured abstract must be sent with most papers. If requested, authors shall produce the data upon which the manuscript is based for examination by the editor.

ETHICAL STANDARDS

Authors are expected to comply with the code of ethics known as the Declaration of Helsinki. Where appropriate, manuscripts should include a statement that the research protocol has been approved by the locally appointed ethics committee and that the informed consent of the subjects has been obtained.

AUTHORSHIP: All authors must fulfil the criteria of the International Committee of Medical Journal Editors (Vancouver agreement) (see *BMJ* 1991;302:338-41).

ABBREVIATIONS should not be used in the text, except for mathematical calculations and units of measurement.

REFERENCES must be cited precisely according to the Vancouver agreement and be typed in double spacing. As a general rule, no more than three references should be cited for any one statement.

Authors are responsible for the accuracy of any references cited: these should be checked at source or with the listing in Index Medicus.

UNITS OF MEASUREMENT: All haematological and clinical chemistry measurements should be given as SI units. Blood pressures should be given in mm Hg.

COPYRIGHT PERMISSION to reproduce material published elsewhere must be obtained in writing and acknowledged in the manuscript.

PROOFS of articles accepted for publication will be sent for the author's approval. Proof corrections should be kept to a minimum.

NOTICE TO SUBSCRIBERS

British Heart Journal is published monthly. The annual subscription rates are £173.00 (USA \$309.00). Combined rate: *British Heart Journal* and *Cardiovascular Research* £351.00 (USA \$630.00). Orders should be sent to the Subscription Manager, *British Heart Journal*, BMJ Publishing Group, BMA House, Tavistock Square, London WC1H 9JR. Orders can also be placed with any leading subscription agent or bookseller. Subscribers may pay for their subscriptions by Access, Visa, or American Express by quoting on their order the credit or charge card preferred together with the appropriate personal account number and the expiry date of the card. (For the convenience of readers in the USA subscription orders with or without payment may also be sent to British Medical Journal, Box 560B, Kennebunkport, Maine 04046. All inquiries, however, must be addressed to the Publisher in London.) **All copies are despatched by air-speed.** First class rates available on request.

GLOSSARY

Study acronyms

ACHIEVE, accupril congestive heart failure investigation and economic variable evaluation

AIRE, acute infarction ramipril efficacy

ATLAS, assessment of treatment with lisinopril and survival

CAST, cardiac arrhythmia suppression trial

CONSENSUS, cooperative north Scandinavian enalapril survival study

CONSENSUS II, cooperative new Scandinavian enalapril survival study II

DIG, digitalis investigator group

DIMT, Dutch ibopamine multicentre trial

GISSI, Gruppo Italiano per lo studio della Sopravvivenza nell'Infarto Miocardico

ISIS, international study of infarct survival

MERCATOR, multicentre European research trial with cilazapril after angioplasty to prevent transluminal coronary obstruction and restenosis

NETWORK, not an acronym

PROMISE, prospective randomised milrinone survival evaluation

QUIET, quinapril ischaemic event trial

RADIANCE, randomised assessment of digoxin and inhibitors of angiotensin converting enzyme

SAVE, survival and ventricular enlargement

SMILE, survival of myocardial infarction long-term evaluation

SOLVD, studies of left ventricular dysfunction

TRACE, trandolapril cardiac evaluation

V-HeFT, Veterans heart failure trial

WASH, warfarin aspirin study of heart failure
